**Subject:** I've been Contacted By Idaho Statesman... Here is the Statement We're Using RE U.S. Ecology Incident

“EPA was notified of the event on Saturday, monitored the situation overnight and sent an On-Scene Coordinator to the scene on Sunday morning. EPA is currently providing oversight at the facility, while U.S. Ecology is leading the cleanup. We continue to evaluate how we can best support the response, in partnership with the state of Idaho, Owyhee County and Company responders.”
